**Honoring the men and women around the world
who made major contributions to shape
the direction and future of plastics**

There are countless individuals who made important, groundbreaking contributions to the growth and strength of the plastics industry. Join your peers and other industry professionals to celebrate the incredible careers of six selected plastics professionals who will be inducted into the 2020 Posthumous Plastics Hall of Fame and 10 professionals who will enter the 2021 Plastics Hall of Fame.

As one of the most prestigious industry events of 2021, the Hall of Fame induction ceremony will be held in the elegant Radisson Blu Aqua Hotel and will feature a cocktail reception with open bar, a sit-down dinner and the induction ceremony. Take the opportunity to network with friends and colleagues in the plastics industry, while honoring the induction of the honorees to the Hall of Fame.
